Ke Wang

FX Artist | AI specialist | AI Director | Visual AI specialist & advisor
London, England, United Kingdom

Summary

As a passionate FX Artist and 3D Generalist with a strong foundation in cinematic simulation and visual storytelling, I bring over 5 years of hands-on experience crafting stunning water, fire, smoke, and environmental effects for film, TV, and commercials. From blockbuster-level ocean simulations in *Ponniyin Selvan II* to high-end commercial work for brands like L'Oréal and Apple Watch, I specialize in pushing Houdini (Solaris, USD) and Nuke tools to their creative limits.

With an MA in Digital Effects from Bournemouth University and a cross-cultural background in both Eastern and Western studios, I blend technical precision with artistic vision. My mission is to create believable, emotionally compelling effects that elevate storytelling and captivate audiences.

Specialties: Water FX | MPM | Pyro Simulations | RBD & Vellum | Lighting and Rendering | Shot Collaboration | COMP |
Currently based in London | Open to FX Artist and 3D generalist opportunities
I have right working in UK .
